OPEN RECREATION

Old Winthrop Middle School
 151 Pauline St.
 Starts
 Every Friday Night Weekly Until May
 6:00pm to 8:00pm

For Winthrop youth going into 6th, 7th, and 8th grade.

Program funded by the Senator Charles E. Shannon Grant

Why CASA and Winthrop Police Youth Rec?

Provides opportunities for youth to build trust and partnerships with law enforcement officers. By establishing positive relationships between students in the program and law enforcement, as well as provide valuable mentorship to youth. Program partnering with law enforcement allows officers and youth to interact on a regular basis and can help them develop meaningful relationships in a positive setting.

TRANSITIONING TO ADULTHOOD

Are you worried about the future for your child with a disability? Do you wonder where they will work, live, how they will develop friendships, and participate in the community? Come learn about programs and supports that can help you plan for youth between the ages of 14-22 who are still in high school. The Transitioning to Adulthood Program at BCIL aims to empower young people to make decisions about their lives, no matter what their disability is, so that they can make a smooth transition into adulthood.

Begin planning for life after high school now, and consider options around housing, college, accommodations, jobs, and transportation. BCIL provides guidance with the Individual Education Plan (IEP) and Individual Transition Plan (ITP) processes.

It's important to begin the planning process early so that your child can have a meaningful and fulfilling life.

Please call the Town Clerk's Office at 617-846-1852 with any questions

SPECIAL LOCAL ELECTION- SATURDAY, APRIL 5, 2025 / 7AM to 8PM

Building a New Firehouse location at 151 Pauline St.

Question: Shall the Town of Winthrop be allowed to exempt from the provisions of proposition two and one-half, so-called, the amounts required to pay for the bonds issued in order to pay costs of the demolition of the Old Middle School and Auditorium and for designing, engineering, constructing, equipping, and furnishing a new Fire Station, including the payment of costs incidental or related thereto?

The town council has voted to appropriate funds to demolish the Old Middle School and Auditorium and build a new Fire Station in the town. The new station will replace the two existing stations that will be deactivated upon completion of construction. The appropriated funds would authorize vendors to demolish the existing Old Middle School and Auditorium, and design, engineer, build, and furnish the new Fire Station. The funds would be borrowed by the Treasurer and approved by the Town Manager. The cost of the debt service, like a mortgage, will be added to your taxes ONLY until the debt service is paid off. Again, just like a mortgage, when the debt service is paid off, there will be no Fire Station debt service payments added to your taxes. The entire debt service payments are anticipated to begin in Fiscal Year 2028.

A **YES** vote will authorize the town to fund all the costs of building the Fire Station, anticipated not to exceed 38.5 million dollars, by issuing bonds to pay for the costs of the project and to temporarily exclude that amount of debt from the provisions of Proposition 2 1/2. This is the definition of a "Debt Exclusion". In other words, a debt exclusion is a means of funding a particular project with a temporary increase, which we anticipate 25 years, in the levy limit. The debt service is excluded from the levy limitations of Proposition 2 1/2.

A **NO** vote will not authorize the town to exclude the debt service from the levy and will be held to the limitations required by Proposition 2 1/2. The town would not be able to build the fire station or need to bring forward a new or the same ballot question seeking

Funding School Budget Override

Question 1: Shall the Town of Winthrop be allowed to assess an additional \$3,500,000 in real estate and personal property taxes for the funding of FY26 Winthrop Public School's Operational Budget (\$3,500,000) for the fiscal year beginning July 1, 2025 **Vote Yes or No**

Question 2: Shall the Town of Winthrop be allowed to assess \$1,450,000 in real estate and personal property taxes for the funding of a School Stabilization Fund (\$1,450,000) for the fiscal year beginning July 1, 2025 **Vote Yes or No**

A **YES** vote on **Question 1** would allow Winthrop Public Schools to stabilize the FY26 Operational School Budget (\$3,500,000) at level service, maintaining school standards and preserving current staffing and class size, curriculum, technology, and general school expenses beginning July 1, 2025 and for the FY26 school year.

A **NO** vote on **Question 1** would not allow for additional funding beyond the Town's appropriation and not allow for a level service FY26 Operational School Budget and would result in reductions of staff positions, reductions of programs and course offerings and general school expenses as well as increased class sizes and student user fees for athletics and co-curricular activities beginning July 1, 2025.

A **YES** vote on **Question 2** would result in funding \$1,450,000 to a School Stabilization Fund, creating a fund that will support future school budgets by enabling the school committee to seek approval of the Town Council to utilize the funds during a fiscal year for the general operating expenses of the school department. A stabilization fund allows the schools to maintain a steady level of funding, address the rising cost impacts of unfunded mandates and supports the district's strategic planning and operational school district goals.

A **NO** vote on **Question 2** would not allow for \$1,450,000 to fund a School Stabilization Fund and thus not allow the school committee an option to seek approval of the Town Council to utilize the funds or a portion of the funds (\$1,450,000) during a fiscal year for the increases in the operating expenses of the school department.

A **YES** vote on both **Questions 1 and Question 2** would allow Winthrop Public Schools to stabilize the FY26 Operational School Budget (\$3,500,000) beginning July 1, 2025, and would also add (\$1,450,000) to a School Stabilization Fund for the purpose of ensuring financial stability and sustainability in school operational budget funding beyond FY26.

MA CERTIFIED BOATER SAFETY COURSE

The Winthrop Harbormaster Marine Unit in partnership with The Massachusetts Environmental Police will be holding a Basic Safety Boating course at the Town Landing. These classes are sponsored by the Massachusetts Environmental Police at no cost to the public. This course is nationally approved, and course completion will allow persons to legally operate a boat in states requiring the Basic Boating Safety Course.

Courses will be operated periodically throughout the year.

Who needs to take this course?

- Anyone born before 1989 operating a motorized vessel needs to possess a Boater Safety Certificate by April 1 of 2028
- Anyone born after January 1 of 1989 operating a motorized vessel needs to possess a Boater Safety Certificate by April 1 of 2026

TO SIGN UP, OR FOR MORE INFORMATION REGARDING THESE CLASSES, VISIT THE WINTHROP HARBORMASTER DEPARTMENT PAGE AT WWW.WINTHROPMA.GOV/182/HARBORMASTER-DEPARTMENT

Project Advisory

Bridge Repairs on Revere Beach Parkway over Broadway, Revere

Priority Bridge Repairs

What is happening?

The bridge carrying Revere Beach Parkway over Broadway will undergo a series of targeted priority bridge repairs. The purpose of this project is to address targeted areas of deterioration to improve public safety and maintain the existing through-travel capacity on Route 16 prior to the full replacement of the bridge.

The bridge currently provides two westbound lanes and three eastbound lanes on Route 16 that connect to on and off ramps to/from Route 107. The existing lane configuration will be restored when repairs are complete.

How will this affect you?

Repairs are expected to begin in early January 2025 and are expected to be completed in Spring 2025. Repairs will occur in three (3) phases. Weather and unexpected circumstances make all construction activities subject to change, but we will do our best to keep you updated.

Phase 1 – estimated seven weeks

In phase 1, the westbound side of Revere Beach Parkway (Route 16) will be reduced to one lane of traffic and the eastbound side will be reduced to two lanes of traffic. On Broadway (Route 107), a temporary traffic signal will be installed at the Route 16 westbound off ramp and traffic will be shifted to the westerly side and will be reduced to one lane of traffic in each direction. The work zone on Broadway (Route 107) will impact vehicular and pedestrian traffic and will require temporary parking restrictions on Broadway and the Route 16 westbound off ramp.

Phase 2 – estimated three weeks

In phase 2, two lanes of traffic will be open in each direction on Revere Beach Parkway (Route 16). On Broadway (Route 107), the temporary traffic signal will remain at the Route 16 westbound off ramp and traffic will continue to be shifted to the westerly side with one lane of traffic in each direction. The work zone on Broadway (Route 107) will impact vehicular and pedestrian traffic and will require temporary parking restrictions on Broadway and the Route 16 westbound off ramp.

Phase 3 – estimated four weeks, including restoration of existing traffic layout

In phase 3, two lanes of traffic will be open in each direction on Revere Beach Parkway (Route 16). On Broadway (Route 107), traffic will be shifted to the easterly side and will be reduced to one lane of traffic in each direction during temporary nighttime operations. The work zone on Broadway (Route 107) will impact vehicular and pedestrian traffic, primarily during overnight periods, and may require temporary parking restrictions.

Travel tips

Please take care to pay attention to all signage as it is posted. Police details, temporary traffic signals, changes in lane markings, temporary controls such as barriers and traffic cones, signage, and other tools will be used throughout the project to control traffic and create safe work zones within the project limits.

How can I find more information?

Stay up-to-date and informed by following the [@MassDOT](https://twitter.com/MassDOT) twitter account and [Mass 511](https://www.mass.gov/info-details/mass-511) for real-time updates, or email Dan Fielding, MassDOT Legislative Liaison, at daniel.fielding@dot.state.ma.us with any questions.
