Town of Winthrop Curbside Leaf-Green Waste Collection

November 22, 2025

December 13, 2025.

Capitol Waste will go throughout the entire Town for pickup. Compostable leaf bags/bagless in a bin must be on the curb by 7 am

What is "Green Waste"?

Green waste includes grass, leaves, vines, hedge trimmings, and small to medium size branches. Root balls and branches over three inches are not accepted. Grass, leaves, vines, and hedge trimmings need to be in brown bags or unbagged in a bin. It is not necessary to purchase special compost bags to participate in the program. It is essential that other wastes, such as rocks, plastic, construction material, trash, or animal waste do not mix with green waste.

**AUTUMN FESTIVAL AT THE
DEANE WINTHROP BARN**

The Winthrop Improvement & Historical Association (WIHA) is pleased to announce that it will hold an Autumn Festival at the Deane Winthrop Barn, 40 Shirley Street, on Saturday, November 15th from 1-5pm.

The Barn will host a group of 14 crafters. Why not take a moment for yourself before the holiday hustle and bustle begins? There's no nicer way to start your holiday shopping for unique gifts than to browse the craft tables, listen to great music, and enjoy our hot apple cider and delicious refreshments!

There will be photo-ops with Santa available in front of the fireplace in the historic Deane Winthrop House. For a \$10 donation to WIHA, you can photograph your children (or we can do this for you) using YOUR camera or cellphone for a memorable holiday Christmas card. Or, invite a loved one and celebrate this holiday season with a photo of the two of you posed with Santa. Or, bring your family, young and old, and take a group photo with Santa.

The 2025 WIHA ornament will be available for sale. Order forms for ordering your holiday gift cards will also be available. And back by popular demand, our inventory of Deane Winthrop tombstone tee shirts has been fully restocked. Check out the new colors!

WIHA thanks you for your support of this fundraiser. All proceeds go to the preservation and maintenance of the Deane Winthrop House.

Town of Winthrop Tree Ordinances

Rules for Planting/Cutting Public Shade Trees

It is the intent of this ordinance to provide standards for the planting, preservation and protection of Public Trees within the Town of Winthrop in order to enhance the quality of life and environment of the Town; to protect habitat for wildlife; to provide a healthy living environment; to protect and increase property values; to combat climate change through carbon sequestration; to reduce the harmful impacts of flooding, noise, pollution, excessive heat, and soil erosion; and to acknowledge the intrinsic value of the mature trees within our community.

Residents must apply for a **Tree Work/Removal permit**, issued by the Tree Warden, prior to:

- Planting of a Public Shade Tree
- Construction within the dripline of a Public Tree.
- Pruning of any Public Tree.

No tree work/removal permit shall be issued unless one of the following conditions exists:

- The tree is dead, diseased, injured, in imminent danger of falling, is causing disruption of public utility service, or poses an imminent threat to pedestrian or vehicular safety.
- The cutting, trimming or removal of the Public Tree is necessary to enhance or benefit the health or condition of other nearby trees.
- There is no alternative to the cutting, trimming or removal of the Public Tree as determined by the Tree Warden.
- Should the aforementioned conditions of health or safety be in question, the matter may be referred to the Tree Committee.

Deer Island Treatment Plant

MWRA's Deer Island Wastewater Treatment Plant is the centerpiece of MWRA's \$3.8 billion program to protect Boston Harbor against pollution from metropolitan Boston's sewer systems.

The plant removes human, household, commercial and industrial pollutants from wastewater that originates in homes and businesses in 43 communities. In compliance with all federal and state environmental standards and subject to the pre-treatment settling discharge permit issued for the plant by EPA and DEP, its treated wastewater is released through a deep rock, under harbor tunnel 9.5 miles out into Massachusetts Bay.

Public Access

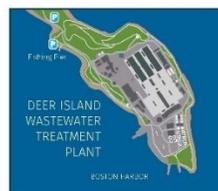

Deer Island features five miles of public walkways and trails for walking, jogging, sightseeing, or relaxing, fishing and bicycling. The public access area is open to the public year-round, from sunrise to sunset. At Deer Island you'll also find:

- 60 acres of open space, including 2.6 miles of paved handicapped accessible perimeter path
- 10 landscaped overlooks with interpretive signage
- Dramatic views of the Boston skyline and Harbor Islands
- Spectacular close-up of airport Landings and takeoffs
- Elevated look-in location to learn about the treatment plant
- An Irish Memorial honoring those that perished in the Great Hunger
- A new fishing pier with additional parking
- Low maintenance native plant species similar to those on other Harbor Islands

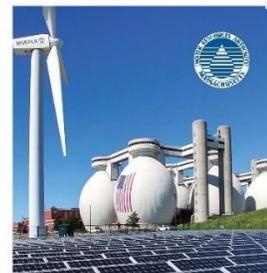

Additional Information

MWRA offers a wide variety of informational and educational materials on its website about the region's drinking water and wastewater systems. To learn more, visit www.mwra.com.

LOOK FOR MUTT MITTS

Public Access Area Rules
Dog owners are reminded that dogs must be kept on a leash at all times and to clean up after their dogs. Mutt Mitts are available. The Wirthrop Dog Officer routinely patrols the area.

Alcoholic beverages, camping, open flames, motorized or self-propelled vehicles (except motorized wheelchairs) and skateboards are prohibited. At the present time, fishing is permitted along the shoreline of the Public Access area, as well as from the fishing pier.

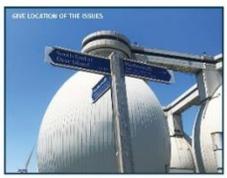

WALK OR BIKE

Visitors are asked to stay on trails and to stay off vegetated areas. Bicyclists are advised to wear a helmet, stay only on paved trails and to respect pedestrians. Bicyclists are reminded to be courteous, keep right and to not impede other trail users. There is an admission to the treated-off wastewater treatment facility without prior approval.

Security
The Deer Island Public Access Area is patrolled regularly by MWRA, the Massachusetts State Police, Environmental Police and the Wirthrop Police also patrol the area. In addition, the public access area is monitored by video cameras supported by a 24-hour command center. Emergency call boxes and additional cameras are installed around the park.

How To Report An Issue Or An Odor Complaint

As Deer Island's closest neighbors, Wirthrop residents are apt to notice anything unusual or odors that might be coming from the plant. The Deer Island Hotline is staffed 24 hours a day, seven days a week. Although our Certified Wastewater Treatment Plant Operators continuously monitor the treatment process and are trained to respond quickly to odor-producing problems, they need to hear from you. Visitors are encouraged to report anything out of the ordinary on public access to the Deer Island Hotline by telephone or email.

GIVE LOCATION OF THE ISSUES

- Please Be Sure To:**
- Call 911 if it is an emergency
 - Report the issue or the odor as soon as possible
 - Please include the location and time.

National Park

Deer Island, along with Red Island in Quincy, became part of the Boston Harbor Islands National Park Area through an Act of Congress. To learn more, visit www.bostonharborislands.org.

DEER ISLAND TOUR PROGRAM

DEER ISLAND HARBOUR

Deer Island Tour Program
Public tours of the treatment plant are given during normal business hours. These fascinating tours explain the treatment plant's role in the transformation of Boston Harbor from the dirtiest harbor in America to one of the cleanest. Advance reservations are required. Large groups should call well in advance. For more information or to book a tour, please call 617 660 7607.
